Nélisse also recounted playful conversations with Hudson Williams about their shifting social media followings. “I remember having conversations with Hudson when we were working, and him being like, ‘So what is it like, I had more followers than you before?’ and now it feels like the tables have turned. I'm like asking him, ‘How does it feel to have this overnight success?’ It's been really fun to see the role being switched around,” she added.

Beyond *Heated Rivalry*, Nélisse has earned acclaim for her performances in films such as *The Book Thief* and *Worst Case*, *We Get Married*, showcasing her versatility across both drama and coming-of-age projects. Fans continue to celebrate not only her on-screen work but also her enthusiastic support of her co-stars' careers, which she says makes her role on set all the more rewarding.
